# CRUSADE PASCO

The Pasco Alive crusade was a powerful two-week mission in New Port Richey, Florida, that culminated in a three-day Gospel event filled with salvation, healing, and hope. Leading up to the crusade, the Pasco Alive team spent two weeks strategizing and evangelizing throughout the community. Partnering with local churches, we promoted the event and were blessed to minister during a Sunday service. As we prayed for an impartation of evangelism, the Spirit of God moved mightily, resulting in numerous miracles, including the dissolution of a hernia and the disappearance of severe pain in many individuals. Hallelujah!

During "Come Alive Week," the streets of Pasco County became our mission field. Through trolley rides downtown, door-to-door outreach, and a special Halloween night evangelism effort, we reached thousands with the Good News. Salvations poured in as lives were touched by the power of the Gospel. People experienced healing, restoration, and newfound hope in Jesus Christ.

**The three-day Pasco Alive crusade was the highlight of this incredible outreach. We saw 955 people make documented decisions to follow Jesus and receive counseling and connection at the altar to get plugged into a local churches to support their new walk of faith.**

Many took the next step of obedience through water baptism, and testimonies of physical healing and spiritual transformation poured in. Pasco Alive was a testament to the power of the Gospel to bring life to a community, leaving a lasting impact on Pasco County and beyond. To God be the glory!
